SAGAN Life®

Home Inventory List

INSTRUCTIONS

Use this form to capture your home inventory information. As you physically identify items:

- Note the item
- Note descriptive information such as brand, make, model, serial number, size
- Take a photo or video the item

After a room or category of items has been identified, spend time locating supporting data you may have for each item – such as receipts or cancelled checks - and add it to the description you've already started.

ITEMS
